Remark:

- *Please note that patients are responsible to bring living-related donor to Praram 9 Hospital for the Kidney Transplantation Procedures.
- ** HLA typing, x-match and some pre-operative procedures must be done in Thailand. Such procedures done in foreign countries can be used only as references due to the regulation.
- *We cannot predict the exact cost as all the costs depend on both the recipient and donor's medical condition before, during and after the procedure as well as the recovery progress of the patient after the operation.
- *Prices may change without prior notice.
- *Prices may be higher for the patient with underlying medical condition.
- *The prices are exclusive of treatment for complication.
- *The best estimated prices and duration of stay will be available only after initial consultation with the concern doctor.
- *Some patients may not allowed to use treatment packages due to the existing medical condition.
